

REUSABLE BAG RESOURCES AND REQUIREMENTS

The reusable bags offered for sale at checkout must have handles and be designed and manufactured to:

- Have a minimum lifetime of 125 uses, which means capable of carrying a minimum of 22 pounds 125 times over a distance of at least 175 feet.
- Hold a minimum volume of 15 liters.
- Be machine washable or made from a material that can be cleaned or disinfected.
- Be at least 2.25 mils thick, if made of plastic.
- Have printed on the bag or on a permanent tag all of the following:
 - 1) Name and country of the manufacturer,
 - 2) A true statement that the bag does not contain lead, cadmium or other heavy metal in toxic amounts, and 3) Percent of post-consumer recycled material used in the bag, if any.

LIST OF REUSABLE BAG SUPPLIERS

ALAMEDA COUNTY WASTE MANAGEMENT AUTHORITY ORDINANCE 2012-02

If you are a bag vendor with a reusable bag tested for compliance with Ordinance 2012-02 and would like to be added to this database, send an email to bags@stopwaste.org.

The intent of this listing is to make it easier for stores to find reusable bags in compliance with the Reusable Bag Ordinance (Ordinance 2012-02). This list in no way implies or conveys that the Alameda County Waste Management Authority endorses these suppliers, nor the quality or compliance of their products with respect to Ordinance 2012-02. This list is provided as a courtesy, for informational purposes only, and is not a complete list of suppliers. The companies listed and the information presented is subject to change without notice. It is the responsibility of anyone who uses this list to verify the qualifications and compliance with ordinance requirements prior to purchasing the bags from the supplier. The Authority is not responsible for any and all expenses that may be associated with using this list.
